

Projects

ERRG has been awarded 8 competitively bid task orders, totaling over \$1.4M, under the Fairchild AFB Multiple Award Task Order Contract (MATOC) for Maintenance, Repair and Construction of Facilities Supported by Fairchild AFB, WA, Contract Number FA4620-07-D-B009.

A summary of representative project experience is included below.

JPRA Boundary Fence Construction

Design and install 3400 feet of a new 7' high galvanized chain link fence system with diagonal outrigger tops with 3 strands of barbed wire.

SERE Fence/Gate Replacement

Designed and installed a new chain link fence with an electric cantilever gate. The previous manual gate was demolished prior to installation of the new gate.

SERE Workout Station

Construct a workout station with pull-up bars and dip bars outside of Building 1334.

Bulk Fuel Storage Ops Center

Construction of Bulk Storage Operations Center. Demolish the existing structure and replace it with a 525-square foot operation center with full communication capabilities.

Repair O'Malley Avenue

Mill and overlay O'Malley Ave. and a portion of Arnold St. with hot mix asphalt (HMA). Work includes saw cutting, striping, milling, asphalt overlay, and associated work.

Install New Exhaust Hoods

Design, construct, and install range hoods with fire suppression systems to the Health and Wellness Center (HAWC) Building 2248 C and Deel Community Center Building 2185.

Warrior Park Landscaping

Design and installation of a landscape sprinkler system on 11.7 acres of park areas and hydro-seeding the same areas will include the demolition of existing railroad ties from the existing planter area and disposal off-site.

SAC Blvd and Castle St Intersection

Milling and overlay of the intersection of SAC Blvd. and Castle St. intersection including saw cutting, striping, drop inlet/catch basin adjustments and associated work.

Fairchild AFB MATOC for Maintenance, Repair, and Construction of Facilities
