

# Projects

In 2001, Engineering/Remediation Resources Group, Inc. (ERRG) was awarded its first Master Service Agreement (MSA) with the California Department of Toxic Substances Control (DTSC). The contract was designed to assist the

DTSC in meeting its commitment of reducing the risk of released hazardous substances/materials to public health and to the environment in an effective and expeditious manner. Under this contract ERRG was tasked with implementation of remedial actions necessary to prevent, mitigate, or eliminate the release of uncontrolled hazardous substances/materials at sites in California. ERRG has conducted work on 17 task orders totaling \$14.6M over the life of this contract.

As the direct prime contractor to DTSC, ERRG worked closely with DTSC personnel to select appropriate remedies and provide final documentation for site closure. Highlights from the Singer-Friden task order are discussed below.

The Singer-Friden Groundwater Remediation System project is located in a residential and light commercial area of San Leandro, California. The groundwater contains elevated levels of volatile organic compounds (VOCs), primarily trichloroethene (TCE) and tetrachloroethene (PCE), as a result of operations at a former industrial manufacturing facility. The extraction system is composed of nine extraction wells, nine monitoring wells, and seven piezometers located throughout a residential neighborhood. The treatment system is composed of two vessels, each containing 6,000 lbs of liquid-phase granular activated carbon, and ancillary appurtenances.

ERRG continues to provide operation and maintenance services on the system.

## Singer Friden Treatment Facility System Operation, Maintenance & Monitoring

### SUMMARY

**Owner**

State of California  
Dept. of Toxic Substances Control (DTSC)

**Location**

San Leandro, CA

**Award Date**

October 2002

**Actual Completion Date  
or Projected Completion Date**  
Ongoing

**Award Amount**

\$884,307

**Final Contract Price**

\$1,050,000 (additional scope)

**Services Provided**
